HARMSEN SLOPE VICTOR

Hazen Man is Victor in Missouri
Slope Singles Tennis
Matches

The Western North Dakota singles championship in tennis was left undecided today, darkness having stopped the final contest being played last evening. The tournament committee has not yet announced its action in determining the championship. Wernli, of Hazen, and Lewis, of New Leipzig, were playing the final match when darkness stopped the match. Wernli had won a match, 6-1, and Lewis a match, 6-2.

Play in the tennis tournaments—the Missouri Slope, Western North Dakota, and city championship—continued over a period of four days. It was the largest western North Dakota tennis meeting ever held. More than 30 out-of-town players were entered and play was almost continuous during daylight, the courts being occupied during meal hours. The city championship contests will continue during the week. Players were here from Marmarth, Amlund, New Leipzig, Washburn, Mandan, Wilton, Jamestown.

In the Missouri Slope singles matches, with 20 entries, R. M. Harmsen, of Hazen, beat O. D. Sprecher, of New Leipzig, in the finals, 6-4, 3-6, 6-4.

Some Close Matches
Among the best matches in this tournament were those in which Philpot, of Marmarth, beat J. J. Heinz, of New Leipzig, 6-4, 4-6, 6-4, and Sprecher, of New Leipzig, beat Bond, of Marmarth, 6-2, 4-6, 8-6. The Bismarck entries in this tournament were G. H. Russ, Jr., C. L. Robertson, W. H. Kling, F. L. Page, C. S. Haines.

In the Western North Dakota singles one of the best matches was that in which Dr. Thompson, of Wilton, defeated Morris Murphy, of Jamestown, 6-2, 7-5.

The longest match of the tournament was that of A. H. Peterson, of Mandan, and C. P. Brownlee, of Cannon, in the Missouri Slope singles. They were on the court two hours and 30 minutes. Peterson won, 10-8, 3-6, 8-6.

In the Missouri Slope doubles Heinz and Sprecher, of New Leipzig, won the 1921 championship by defeating Harmsen and Wernli, of Hazen, in the finals, 9-7, 7-5. The Bismarck pair entered, Kling and Robertson, made a good showing, going to the semi-finals, losing to Heinz and Sprecher 7-5, 6-2.

Marmarth men win
The Western North Dakota doubles championship was won by Bond and Philpot, of Marmarth, defeating Heinz and Sprecher, of New Leipzig, 6-2, 3-6, 6-3, in one of the best doubles matches of the four-day play.

Owing to the fact that the courts were occupied longer than was expected in the men's events, the women's matches were not played. Seven ladies, all of Bismarck, entered and matches will be played this week. Those to play are: Florence Homan, Mrs. E. L. Page, Mrs. C. L. Robertson, Mrs. H. L. Wheeler, Mrs. J. H. Kling, Miss Rose Hanlon.

In the only match in the city tennis tournament played Morris defeated Wallace.

The tournaments were arranged by the Bismarck Country Club tennis committee, composed of G. H. Russ, Jr., chairman, Mrs. W. E. Cole, Julia Weber and Gordon Cox. The committee was especially pleased with the entry list. There was no outstanding figure in the tournament, a dozen or more players being equally matched, which added to the interest in the playing.

MANUFACTURERS SEEK LOW COST IMPROVE QUALITY

How are the reductions in automobile prices being brought about? With prices in many industries undergoing a treatment such as that sustained by the historic undershirt whose owner protested that his mother did not use wool soap, it is interesting to learn just how the shrinking process is carried out.

In the main, according to leading manufacturers, the reductions are possible because of lower costs of raw material and lower labor costs. At the same time, there is a renewed activity among motor manufacturers and their engineering staffs to work out new construction principles which will permit of even greater simplicity in the modern motor car.

The Willys-Overland Company, manufacturers of the Willys-Knight motor car are among those manufacturers who are not forced to desperate efforts toward simplicity of design. The Willys-Knight car is motorized with the famous sleeve-valve motor which, although of American design, won first recognition in the famous Minerva, Panhard and Daimler cars of Europe.

GOMPERS AND PERSHING CLASH OVER QUESTION: WHO WON WAR?

Gompers Declares Labor's Sympathy Before U. S. Entered Was With the Cause of the Allies and Cites Federation's Record.

Washington, Sept. 7.—General Pershing and Samuel Gompers had a tilt last night at a dinner given at the conclusion of the exercises here celebrating Lafayette-Marne day. At least official Washington regards it as a clash over the question of whether labor won the war. Mr. Gompers had spoken on the after-dinner program and while he made no claims that labor won the war he did tell of the record of the American Federation of Labor during the war and declared that previous to the entry of the United States its sympathy was with the cause of the allies.

PERSHING'S ATTITUDE

General Pershing, however, apparently regarded Mr. Gompers' remarks as a claim that labor had won the war. Some of those who heard his remarks quote him as saying substantially: "The policies of this Republic are not determined by labor unions or by any other organizations; but by the consensus of opinion of its citizens of whatever affiliation. 'I want to say that every American is a patriot whether he belongs to some labor organization or is just an ordinary citizen; it is not a question of labor unions, it is a question of whether we belong to some organization or not.'"

BUILDING BOOM IS FORECAST

Decision in Chicago Controversy Opens Way

Chicago, Sept. 7.—Building trades workers were given slight wage decreases and new working rules were set up in the arbitration decision by Judge Landis today. The decision opens the Chicago territory to all contracting firms and according to contractors and union men opens the way to renewal of millions of dollars worth of construction. A top price of \$11.25 for fireproofers and \$1.10 for bricklayers against the former hourly rate of \$1.25 was fixed by the decision which affects about 50,000 workers.

MORTGAGE OF HALF MILLION IS FORECLOSED

Sale of Parkins Cattle on Big Ranch in Sioux County To Be Held

LOANS ON 9,419 CATTLE

Thousands of Cattle in Southwestern Part of State Are Included

Selfridge, N. D., Sept. 7.—A chattel mortgage foreclosure sale will be held at the Leaf on the Hill ranch, owned by S. E. Parkins, Thursday, September 8, all of the livestock on the place being sold to satisfy claims of creditors on notes aggregating \$475,620.41.

General information concerning this sale and the foreclosures, believed to be the largest single foreclosure in the history of the cattle business in the state, was contained in "Notices of Chattel Mortgage Foreclosure Sales" published in the current issue of the Selfridge Journal, a local weekly paper.

Four Main Creditors
Thirteen notes were given by Parkins to four main creditors according to these notices. Chief of these is Shimmer & Thomas of St. Paul, who advanced \$379,170.51 on seven separate notes. Rosenbaum Brothers of Chicago hold \$50,000 worth of notes. Claude E. Wilson also of Chicago holds one note for \$17,000 and the First National Bank of Mandan, three notes totaling \$33,250.

Cattle totalling 9,419 were given as security for the various loans including 300 bulls, 1050 cows, about 2455 heifers and the balance beef steers one to four years old.

The notes as listed in the foreclosure proceedings are largely of dates within the past eighteen months. During the war Parkins is said to have plunged heavily in the cattle business, and imported many large consignments of cattle from Montana stockgrowers whose grazing lands were burned out by extreme drought. He is said to have borrowed heavily to finance the deals and was caught by the slump in the price of livestock.

Operated Five Farms
In addition to the Leaf on the Hill ranch which he operated south of Selfridge and Shields, Parkins had a farm in Emmons county across the Missouri river from the mouth of the Cannon Ball river which is the model of the country.

It was established for the purpose of breeding fancy corn fed baby beef for the market.
Six large silos form a part of the farm equipment which has modern barns, a large ranch house and special bunk houses for the men.

LAUDATION OF ATTORNEYS TO GO ON RECORD

Supreme Court Orders Bar Association Memorial Incorporated in Minutes

Resolutions of the North Dakota Bar Association in appreciation of the memory of Edward Engerud, and John Carmody, former judges of the supreme court, and Calvin L. Bradley, John S. Watson, W. C. Tresser and C. J. Maddux, who were well known attorneys, were offered spread on the minutes of the supreme court and printed in the North Dakota Reports following the holding of memorial services before the judges of the high court here yesterday. The memorial to the deceased members of the state was in charge of John E. Greene, of Minot, secretary of the state bar association, with a number of lawyers, chiefly from the Ward and Burleigh county bar associations, present. All of the deceased lived in Fargo except Judge Carmody, whose home was in Hillsboro.

In addition to the resolutions, Judge L. J. Palma, of Minot, delivered an address in appreciation of the services of Judge Engerud to the bench and bar of the state during his lifetime. Regarding Judge Engerud the resolutions said in part: "Judge Engerud's service on the bench while brief was notable. The work of a judge of an appellate court was not altogether agreeable to him. There seemed to him a stiltedness and constraint about it to which he could not readily adapt himself. It lacked the mental stimulus afforded by practice at the bar. But the record of his work as a judge shows the rare qualities of mind that he brought to that work. His written opinions were models of brevity and perspicuity, and the judgments which they expressed were almost invariably accepted by all the parties in interest as impartial and just."

COMMUNITY CHORUS FOR BISMARCK INAUGURATED BY BUSINESS WOMEN BUYING POWER OF FARMERSTO INCREASE SOON

Best Musical Talent in City To Be Enlisted in the Organization

SEEK 200 AS MINIMUM

A Community Chorus is being launched in Bismarck.

Formal announcement was made today of culmination by the Business and Professional Women's club of plans for the development of what is hoped will be one of the most important organizations in the social life of the community.

The chorus will be thrown open to all musicians, whether members of the club or not. Miss Beach, club president, announced. A drive is under way to obtain membership of 200 in the chorus. It is hoped to bring the best talent of the city into the organization and to discover new talent.

First Rehearsal Soon
The first rehearsal will be held in the Business Women's club rooms on the 19th of this month and will be in charge of Frank H. Gale. Mr. Gale has had twenty seasons' experience in Lyceum work, being brought to Dakota last year by the Federated Community Association at Fargo to supervise community singing for that institution. At the end of the season he came to Bismarck and since then has been active in musical affairs.

His chorus of seventy voices which sang at the state convention of Women's clubs in Mandan in May was pronounced by every one to be one of the finest singing aggregations in the Northwest.

Volunteers Sought
Both Miss Beach at Phone 708 and Mr. Gale at Phone 978 will be pleased to learn the names of both male and female singers who would be glad to join this chorus and participate in the concert which will be given in December. Other members of the committee are Mrs. Annie Price Barnes, and the Misses Inez Jones, Hazel Nielson, Elizabeth Happel, and Daisy Welch.

FARMER BURNED ON LOAD OF HAY DIES IN THE CITY

Wasy Hruby Lives But Two Hours After Reaching the City
Wasy Hruby, 62, farmer of Wilton, died in a local hospital here last night two hours after reaching the city, suffering from burns received when he fell into the flames of a load of hay. Hruby was horribly burned from head to foot. He was alone, driving a team when the accident happened. How the hay caught fire is not known, though it is presumed he was smoking. The horses ran away after the flames burst out and it is held probable that it was at this time that Hruby fell into the fire.

The body will be taken to Wilton for burial.

BRITISH SEND REPLY TO LAST DE VALERA NOTE

Cabinet Meeting in Scotland Approves Reply to Irish Stand

DE VALERA IS DEFIANT

Irish Republican Leader Issues Unexpected Statement to the Press

Iverness, Scotland, Sept. 7.—(By the Associated Press).—The British cabinet at its meeting here today unanimously approved the reply of the government to the last note of Eamonn DeValera, the Irish leader.

The reply was handed to Robert C. Barton, the Sinn Fein courier, who started for Dublin at 4 o'clock this afternoon with it.

A committee of the cabinet with full powers to deal with Mr. DeValera's answer to the communication sent this afternoon and with the Irish situation generally was appointed. Another committee was appointed to deal with unemployment.

Prime Minister Lloyd George sent a courier to Mayhull, where King George is staying, to acquaint the king with the cabinet's decision, which will be made public Thursday night.

DE VALERA DEFIANT
Dublin, Sept. 7.—On the eve of a mass meeting of the British cabinet at Iverness to take action on the Irish problem, Eamonn DeValera, the Irish Republican leader, quite unexpectedly issued a statement to the press, in which, after reiterating Ireland's earnest desire for peace, he declared that peace never could be founded on make-believe.

"Let us lay aside the camouflage and put away the hypocrisy," said Mr. DeValera. "If England is issuing an ultimatum, let it be an ultimatum."

War, not peace, would be the outcome of the imposition of England's proposals by force, according to Mr. DeValera, who went on to assert that England had no basis in right for a single demand she was making on Ireland and would not dare to make such demands upon "a power even nearly as strong as herself."

WARN AGAINST FAKE INSURANCE RATE ADJUSTERS

"Operating in the Northwest" has been a gang of humbugs representing themselves as members of the state rating bureau or of the state insurance department and collecting a great deal of money from the insuring public. A copy of a bulletin which is being circulated to newspapers in North Dakota by the state insurance department with the statement that the gang is operating in this state.

The method is for two well dressed soldiers to visit a merchant, say they are surveying conditions and getting ready to rate the town's insurance. They bring rates down and after explaining the matter tell the merchant he must pay his share of the cost in bringing the rates down usually collecting about \$5.00.

WILL, 145 YEARS OLD, WILL GIVE MAN \$12,500,000

Zion, Ill., Sept. 7.—Under the terms of a will made 145 years ago and just discovered, John Taylor, railroad auditor at Ill. share half an estate of \$25,000,000 in Holland, his attorney announced today. Taylor, an ancestor, was born in Scotland but went to Holland in 1709 and amassed a fortune. He died, leaving a will which was not opened for 100 years, according to Taylor's attorney. The will made 145 years ago was recently discovered by an Amsterdam lawyer, Peter Tarr, another brother, and John, of Zion, are said to be the only heirs to the estate which attorneys assert is still intact.

LEAGUE PUTS OFF DECISION ON BOLIVIA

Geneva, Sept. 7.—By Associated Press. The assembly of the League of Nations at its session this morning again postponed discussion of the request at Bolivia that the league discontinue its protection of the provinces of Tacna and Arica now under the administration of Chile. It is the agenda of the assembly. The position was put over until a later date.

HEAVY SHOWERS MAY END FOREST FIRES MENACE

Overcast Skies Followed By Report of Rain Falling Over Entire District

FIGHTERS MAKE HEADWAY

Predicted Fires in McGrath and Onamia Regions Will Soon be Controlled

Onamia, Minn., Sept. 7.—Rain began falling over the forest fire district near here at 12:32 o'clock this afternoon and forestry officials declared conditions were propitious for heavy showers.

St. Paul, Sept. 7.—Overcast skies at noon today an augury of quenching rain coupled with winds of only normal velocity aroused the hope of state forestry and military officials that the brush, grass and forest fires in Onamia and McGrath regions would be brought definitely under control by tonight.

In the only other section of Minnesota where forest fires were reported not under control—along a road northeast of Duluth 100 fresh men were thrown into the fire line to make a strong effort to bring this situation to a favorable decision.

Despite the element of rain the situation was greatly improved at noon over that of the 24 hours previous but it was admitted another outburst of wind equalling that of yesterday could again shatter hopes of early success in the fight on the flames.

Whiteline, the lumber settlement west of Solana, waked out at noon yesterday when the fire got beyond control temporarily still remains the only community casualty of the fires that have raged with varying intensity since Saturday.

Whiteline fire incendiary
McGrath, Minn., Sept. 7.—After a night of continued back-firing and ditching the forest fire which Tuesday got beyond control of fighters in the Solana, Whiteline sector near here is today reported checked and if weather conditions are favorable will be held within the prescribed area as set by fire fighters yesterday.

No report of destruction of buildings has been received with exception of Whiteline village.
Both the forestry department and guard officials asserts that the burning of that village was not caused by forest fires but is of an incendiary nature.

1,000 SOLDIERS ON JOB
St. Paul, Sept. 7.—Approximately 1,000 soldiers of the Minnesota National Guard are fighting forest fires in northern Minnesota today, according to Major E. J. Walsh, acting adjutant-general.

\$150,000 FIRE LOSS
Rhinelander, Wis., Sept. 7.—Four million feet of lumber was destroyed in the yards of the Larson Lumber company at Bundy, 14 miles southwest of here, by the fire which broke out early this morning. Loss estimated at \$150,000, partly covered by insurance.

SHOWERS FALLING

Onamia, Sept. 7.—Brisk showers began falling over the entire fire area west of here shortly afternoon today and indications were that the fire, already checked by a change in the wind and the workers, would be put beyond immediate danger. To the west, south and east of Onamia showers were falling.

TRAGEDY VICTIM IS DAUGHTER OF STERLING COUPLE

Mr. and Mrs. Peter Magnus, of Sterling, and Mr. and Mrs. Ed. Kafer, of Bismarck, are in Ormsby, Minn., being called there after the tragedy in which Frank Klocow shot his wife five children and himself. Mrs. Klocow is the daughter of Mr. and Mrs. Magnus and the sister of Mrs. Kafer. Funeral services were held yesterday afternoon.

Mr. Klocow was a prominent business man of Ormsby, and six weeks ago retired as cashier of the Farmers State bank at Ormsby, giving no reason. He is believed to have been deranged at the time of the shooting.

ALLEGED YEGG TAKEN TO MINN.

St. Paul, Sept. 7.—Requisition papers were issued today by Governor J. A. O. Preus for the return to Minnesota of R. J. Yegg, who is in custody at Fargo, N. D.

Roach is accused of connection with the robbery of the Farmers State Bank of Amlund, Minn.

GRACE BECOMES CHIEF JUSTICE

SCHOOL NUMBERS ARE INCREASED

First census enrollment in the city schools showed an increase of about 100 over the first day of last year. The enrollment, which totaled 1,237 yesterday, is expected to grow considerably during the week. About 100 entered the high school. This enrollment also is expected to be increased.

STEELE GIVEN FORFEIT GAME

Contest with McKenzie Ends In a Row

Steele, N. D., Sept. 5.—Steele won a forfeit game from McKenzie on the McKenzie grounds Sunday. The score was 8 to 3 in the last of the ninth when after two were out Kuster, McKenzie third baseman was called out for hitting out of turn and after much discussion the McKenzie team walked off the ground, whereupon the game was forfeited to Steele 9 to 0. In the fifth inning two runs were allowed to be counted for McKenzie on a tick foul which the umpire misjudged to be a passed ball and did not call the play until after the two men had scored. After four runs had been made in the ninth off J. Fairchild, McKenzie pitcher, he was displaced by J. Kuster.

COBB'S PUPIL STILL LEADING HIM IN HITTING

Harry Heilmann Keeps up Terrific Pace But His Manager Creeps up on Him

HORNSBY STILL GOING

Chicago, Sept. 6.—With the close of the baseball season a month away, Ty Cobb, pilot of the Detroit Tigers, enters the home stretch only three points behind Harry Heilmann, his slugging outfielder, for the batting honors of the American League, according to averages released today. The averages include games of Wednesday.

Heilmann suffered a slight slump, dropping from .403 to .398 for the leadership, while the Georgia Peach closed the gap considerably by bringing his average from .392 to .395.

Tris Speaker, leader of the Cleveland club, advanced from sixth to fourth place with an average of .373, which ties George Sisler, the St. Louis star. Babe Ruth, who failed to add any circuit drives to his string of 48, continues in third position with .384.

Ruth, however, stretched his total of runs scored to 142 and his 163 hits have been given a total of 364 bases, which is far in front of his rivals. Besides his four fly blows, the Yankee slugger has cracked out 37 doubles and 10 triples.

Harris of Washington added three more bases to his total and is showing the way to the base stealers with 25 thefts.

Other leading hitters for 70 or more games:

Tobin, St. Louis, .468; Veach, Detroit, .347; E. Collins, Chicago, .344; Jacobson, St. Louis, .340; Williams, St. Louis, .340; Strunk, Chicago, .340; Severfeld, St. Louis, .339; O'Neill, Cleveland, .333; Sewell, Cleveland, .331.
--

Roger Hornsby, star of the St. Louis Cardinals, is giving promise of being the National League leader in several departments. He not only has increased his batting average to .415, but is threatening to grasp the home-run honors of the league from George Kelly, the Giant's slugger. Kelly failed to add to his string of 22 homers during the week, while Hornsby smashed out three round trip blows and is pushing the New York first baseman with 26. As a run getter, the St. Louis player broke the tie shared with Bancroft of New York, and is leading this department, having registered 110 times for his club. He had smashed out 202 hits, for a total of 324 bases.

The veteran George Cutshaw of the Pirates is the runner-up to Hornsby for batting honors, being 64 points behind with an average of .351.

Other leading hitters for 70 or more games:

Roush, Cincinnati, .317; McHenry, St. Louis, .342; Fontenot, St. Louis, .340; Young, New York, .338; Mann, St. Louis, .338; Cruise, Boston, .335; Higbee, Pittsburgh, .335; Groh, Cincinnati, .332; E. Smith, New York, .330; F. Smith, New York, .329; Moush, New York, .329; J. Smith, St. Louis, .329.

Kirke of Louisville and, Red Russell of Minneapolis are on the heels of Art Butler of Kansas City for the batting honors in the American Association. They are tied for runner-up with an average of .381. Butler suffered a drop of two points but continues to top the list with an average of .388.

KRAUSE LOSES TO M'DONALD ON FOUL BLOW

Bout in Mandan Terminates Suddenly in Third of Scheduled Eight Rounds

The scheduled eight-round battle between But Krause and Leo McDonald at the Mandan fair grounds last night terminated in the third round when McDonald was awarded the bout on a foul. The referee was George Taylor, of Glendive, claimant of the welterweight championship of the west. McDonald was hurt badly by a low blow. The weight for Krause, of Hazen, who also claims the welterweight championship of the west, was announced as 148; that of McDonald 152. The bout was to be eight rounds to no decision, except in case of knock-out or foul.

The boys mixed it hot and heavy from the start and honors were fairly even when the foul ended the battle.

In the semi-windup Les McDonald, negro, of Frisco, after ten seconds of the second round, McDonald battered Carter badly in the first round. Blackie Snyder was given a decision over Kid Huff in a three-round bout and Kid Friestad and Kid Fried battled to a three-round draw.

Approximately 900 fans saw the fights.

Unkind Classification.
Rosamund always insists on running the games, so one day Jennette got tired of it, and came upstairs, mad as could be, threw down her hat, and said: "I just am not going to play with her any more, for she never will let me be the mother. She always makes me be the papa or the dog."

The prize winners were selected by a jury of French agriculturists from 110 entries in two agricultural competitions.

The first prize, a seed planter from Louisville, Ky., was won by Albert Delan and his wife, sixty-eight and fifty-eight years old, respectively, peasants from Allenton (Alsace) who, although their fields were classed as "irreclaimable" by the government, returned to their farm, lived in a dug-out and after two years of hard labor succeeded in putting their entire farm under cultivation.

Cash prizes totaling 4,000 francs were also given by Miss Morgan and Mrs. Dike to the 80 farm hands in the cantons of Anizy and Goucy, who were most meritorious. The first prize of 300 francs was won by an aged couple named Thullier, who served for 40 years on the same farm and who after the war, worked a year without wages because their mistress could not afford to pay them.

Through the co-operation of the American committee with the farmers of the Alsne, 25,000 acres of land ravaged by the war have been reclaimed and are at present under cultivation.

The committee has organized 32 agricultural syndicates among the farmers and has placed 40 tractors at their disposal. The two agricultural contests with prizes worth more than 20,000 francs is one of the ways in which the American committee is stimulating the farmers to do their utmost.

Wanted to Know Papa's Status.
Little Freddie at the breakfast table, after having licked away one piece of cake, turned to his father and said, "May I take another piece of cake, papa?" Father, with years of training to his credit, answered: "You'll have to ask mamma about that, Freddie." Whereupon sonny piped up: "Haven't you anything to say at all, papa?"

Why Pay Big Prices for Clothing?

We wish to call attention to the fact that everything in our following line of merchandise which we handle

Has Dropped About **50%** from Last Year's Prices

The only reason you are still paying big prices is because every merchant being in business for years before has a big stock of merchandise for which he paid the high war prices.

Don't forget he is not going to lose any money and you can't blame him if you are going to pay the price.

We have recently opened the Standard Clothing House consisting of Men's and Young Men's Clothing, Shoes, Hats, Caps, Trunks, Suit Cases and a full line of Army and Navy Goods. When we say new stock that means a big saving to the buying public in our line for we did not pay last year's high war prices for our stock.

We can sell you our line of goods with a legitimate profit to us and still save you big money.

Now if you wish to be convinced as to what money we can save you, it will pay you to call at our store every day in the week and evenings, where we will be at your service.

PRISON TEAM BEATS WILTON

The prison baseball team defeated Wilton, 3 to 1, in a fast game at the prison grounds Sunday. Al Anderson, pitching for the prison team, hurled a fine game. Pipborn, for Wilton, hurled airtight ball, allowing but two hits and losing through bad support.

ELKS AND 'CASEYS' PLAY TIE GAME

The Elks and K. of C. baseball game will have to be played over again. The contest, played Sunday afternoon at the ball park for the benefit of the swimming pool fund, ended five to five. Loubek and DeCosse hurled for the "Caseys" and Flow for the Elks. The crowd was disappointingly small.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

SPEAKING OF CONSISTENCY

Because The Tribune supported Langer and O'Connor at previous elections, The Grand Forks Herald says this paper stands convicted of inconsistency in opposing the I. V. A. recall.

Not at all.

A lot of water has run under the bridge Jerry, since the last I. V. A. program was hatched.

First and foremost as The Tribune has reiterated time and time again, it is opposed to the use of the recall and initiative and referendum, political slap sticks that do not make for stable conditions and belong to the school of socialism which the Grand Forks Herald is so industriously promoting.

In the second place, the I. V. A. program contemplates abolition of all party lines in the selection of state officials. The Tribune is not in favor of a legalized mugwump party in this state.

In the third place, The Tribune is opposed to a continuation of state owned industries and always has been.

Long before the Devils Lake convention, The Tribune opposed the recall and the initiating of a lot of fantastic laws. Burleigh county independents met and voted against the recall as did many other counties west of the James river. The I. V. A. had the convention all "set" for the recall and its platform of variegated laws and socialism went through without a hitch.

North Dakota can well wait until the next election to clean house. It had better decide at that time to return to the business of government on a program that has no taint of compromise with socialism.

The failures of the Nonpartisan League in putting over its program, flagrant as they have been, are not the real issues in this fight. These blunders will be as prevalent under I. V. A. management of state socialism. The real issue and the only issue now is whether the state shall abandon socialism or continue the orgy. Neither the League or the I. V. A. program afford a permanent solution.

There is but one stand to take and that is an uncompromising one against state socialism in any form. This may not please the mugwumps who desire office above principle, but The Tribune believes there is a growing sentiment in this state to ditch the whole business of state enterprises and until such a leadership is developed, it is just as well to let the state socialists stew in their own juice a little longer. The Tribune can see no progress in swapping socialists, and there is also the general impropriety of a recall election which again is a socialist weapon.

TODAY IN HISTORY

What do you know about Xerxes, king of Persia? Twenty-three hundred and seventy-one years ago today he was invading Greece with an army of 5,283,220 soldiers.

Now he and his conquests are almost forgotten.

It makes you wonder, how much will be known of our World War 2371 years hence, in the year 4292?

And how much will they know of our "civilization"?

Would it be worth knowing, to future man?

Yes—because history repeats. With a knowledge of the past, you can forecast the future with amazing accuracy.

Succeeding generations, as man runs in his revolving squirrel cage, do the same things over and over. We merely use different costumes, speech, weapons and implements for earning a living.

The world has been turned upside-down by the war. Things never will be the same again, not in our lifetime.

Precedents and methods have been destroyed overnight. They will continue to be destroyed all through reconstruction.

You read of the overthrow of the czar. Kerenky came into power. A twinkling and he was gone. Bolsheviks made him ancient history. Soon the Bolsheviks may melt into the past.

History is being destroyed almost as rapidly as it is being made, for, by the time a textbook gets off the press, the things it deals with have changed, its characters passed out.

To be up-to-the-minute, to know the most important history—that in which we are living—one must read the newspapers.

Through newspapers you learned in a few years more about Europe's history than 10 generations behind you got their whole lifetimes.

Therefore, newspapers should be used as textbooks in all schools, the Pan-Pacific Educational Conference urged at its meeting, just closed in Honolulu.

Frank Miller, delegate from New Zealand, said: "The newspaper is a great textbook if intelligently used. I am using newspapers, with considerable success, in my classes. It helps prepare students to take part in affairs. It cultivates an interest in international topics which so profoundly affect all humanity. It makes the student broad-minded and able to handle big problems in an intelligent way."

That is an excellent suggestion for teachers. Teach your pupils what the ancients did. But also, through newspapers, keep them abreast of the present and its changes in the things required for success and happiness.

The real history, from now on, will deal with economics and sociology, not with kings and wars.

History, remember, is nothing but old newspapers.

WHY NOT?

A Bill has been introduced in Congress by Representative Kelly of Pennsylvania which, in the interest of a better understanding and better coordination between the law-makers and the executive, ought to pass.

It provides that cabinet members be entitled to seats on the floor of the Senate and the House to answer inquiries and take part in debates.

Two days each week are set apart for the Senate and two for the House.

This is the adaptation of the system which is in vogue in nearly every nation having a law-making body similar in character to our Congress. The most notable examples are Great Britain and France. Observers from those countries who have studied the American system at close range have never been able to understand why we have not profited by their experience.

COWBOYS

Near Crosbyton, Texas, S. A. Guy fits up his ranch with modern conveniences for his cowpunchers.

They'll have shower baths, cement-lined swimming pools, lockers, a reading room and "entertaining games."

Is the dilapidated bunkhouse, with its romance, going to be snuffed out by the march of civilization? How that'd make old-timers like Buffalo Bill snort.

City comforts are becoming commonplace in the most remote country districts. That's progress.

WIVES

How much is a wife worth? Not much, in the far north.

An Eskimo trapper sells four of his wives, each for a pound of tea and some tobacco. They're bought by fellow-tribesmen from the Brochette post of the Hudson Bay Company.

By Eskimo custom, the original husband may redeem his wives upon payment of double the purchase price.

Once this was the custom among nearly all primitive tribes. Civilization, which revolves around appreciation of women, stopped it.

RIDING

You can feed a horse for 35 cents a day. Why have an auto?

That's the slogan adopted by the National Hay Association, at its Chicago convention. A campaign is on to restore the horse to his old-time popularity.

What if it succeeded and we junked our flivvers? Price of gasoline would tumble.

And price of hay would rise.

They get us, coming and going.

DICE

Large floating dice are being used at seashore resorts to gamble while bathing. Roll 'em on the water.

The one-piece bathing suit girls will take up any fad except swimming.

BILLBOARDS

Evidently Milwaukee thinks it is time for something to be done to improve the lot of the automobilist. The highway committee of Milwaukee county is determined to remove advertising signs from the countryside, because, among other offenses, they have proved to be a source of annoyance, discomfort, and even danger, to the motorist. The pedestrian, of course, may leave the highway and walk "across lots," that is if he can adroitly scramble between the placards inviting him to "keep out," and so may find out what the fields and hills really look like behind the barricades of strident posters. But the motorist must keep to the paved track and, presumably, spend his time reading highly-colored fables of reasonable prices and superlative workmanship. Seeing that even motorists do not usually travel over the countryside with the idea of finding out en route the best shoes, baking powder or spark plugs to buy, it should be no great hardship to dispense with this particular form of advertising.—Christian Science Monitor

MANDAN NOTES

Born to Mr. and Mrs. Ralph Barth, a son.

Born to Mr. and Mrs. William Schwartz, a son.

Former Governor L. B. Hanna was a guest at the W. F. Heso home over Sunday.

Mrs. M. C. Smith and children have returned from a two weeks visit with relatives at Center.

Mrs. F. L. Burdick of Mandan was the guest of Mrs. William Zeamer of Bismarck yesterday.

Charles Ridgeway has returned from Seattle, where he has been visiting friends for a month.

Miss Margaret Theisen of St. Paul is a guest of her cousin, Misses Florence and Cecilia Connelly.

Miss Cecile Porter has returned to Mandan after spending the week-end with friends in Dickinson.

Richard Key has left for the twin cities where he will visit friends and attend the Minnesota state fair.

Miss Gladys Ritchey has left for Edmund, N. D., where she has accepted a position as principal of the school.

C. J. Larson left last evening for St. Paul, Mrs. Larson, who has been the guest of relatives there for a month will return with him.

August Timmerman and daughter, Mary, and I. C. Iverson, left by car for Minneapolis, where they will attend the Minnesota state fair.

The Fortnightly club held an open meeting at the Commercial club rooms yesterday afternoon. Mrs. J. A. Biggs is president for the coming year.

Mr. and Mrs. J. H. Newton and Mr. and Mrs. J. M. Stephens have returned from a motor trip to the Black Hills and other points in South Dakota.

Mrs. John Miller and Mrs. S. J. Hill of Fargo have been visitors in Mandan for several days. They attended the White Shrine ceremonial at the Masonic temple last evening.

Leslie Harrison and Henry Opitz will leave tomorrow for Purdue university at Lafayette, Ind., to resume their studies. Adolph Tschida of Glen Ullin will accompany them and will enter Notre Dame university. They will be met at Minneapolis by Douglas Levine who will enter Northwestern university. Frederick Tavis will return to Purdue next Monday. He will be accompanied by James Hansen, a graduate of the '21 class of the Mandan high school.

Another picture which is being looked forward to with a great deal of interest is "Ladies Must Live," the last production made by George Loane Tucker before his death. Tucker's "The Miracle Man" is likely to remain for some time to come as the best picture ever produced in this country, and naturally the public is interested in "Ladies Must Live."

All in all, it looks as if the movie needed only a little spur from the public to jump into their best stride.

"THE FOOLISH MATRONS" CAST WITH FAVORITES.

If there is any significance to flames, then surely devotees of the photoplay will look forward with anticipation to Maurice Tourneur's production of "The Foolish Matrons" which will be seen at the Rex theater today and Thursday.

The production, which was made under the direction of Maurice Tourneur and Clarence L. Brown will be presented with one of the most brilliant casts that the celebrated producer has yet presented to the photoplay fans.

As an added attraction Harold Lloyd, Bebe Daniels and Snub Pollard will be seen in "Over the Fence."

WAVE OF ENTHUSIASM SWEEPS OVER NATION

Thousands Write Grateful Letters of Appreciation As Famous Medicine Continues to Accomplish Remarkable Results—Great Laboratories Running at Top Speed to Supply Record Breaking Demand—Over Half a Million Bottles Behind With Orders.

By CHARLES MURRAY GILBERT
ATLANTA, GA., September 7.—"Tanlac made me feel younger." "I put me back on the payroll." "I now have a fine appetite." "I can eat whatever I want." "No more dyspepsia for me." "I gained weight rapidly." These and scores of like expressions are now heard daily from tens of thousands, as grateful users of Tanlac tell of their experiences.

Leading drug men of the country are amazed at the tremendous sales of Tanlac, and point out enthusiastically that nothing has ever equalled the phenomenal demand for this preparation.

At the great Tanlac laboratories at Dayton, Ohio, letters and telegrams are pouring in daily assuring that shipments of Tanlac be rushed at once. Many of these orders are for full carload shipments and quite a few of them for two and three carloads. Although running at top speed the Tanlac laboratories are now over half a million bottles or approximately twenty-four carloads behind with orders.

This announcement will not doubt be received with great surprise in the drug world because business in many lines, especially in the drug and medicine business has been off from 40 to 50 per cent.

Agents in Every Town.
One drugstore in every town and village in the United States and Canada where agencies have not already been established will be awarded the exclusive publicity agency for Tanlac within the next thirty days. These agencies will carry with them a big publicity campaign exclusively for the one drugstore in each city and town who secures the agency.

Tanlac is going right ahead more vigorously than ever before. For Tanlac there is no such thing as business depression. In fact Tanlac does not believe there is such a thing as hard

factory are crushing. She is miserable. The cause is many times son derangement of her system and backache is a common symptom. Lyd E. Pinkham's Vegetable Compound, a reliable remedy for backache as if more than forty years it has been relieving women of America from ailments which often cause it.

BACKACHE OF WOMEN
The back is often called the man-spring of a woman's life. What can she do, where can she go so long as that deadly backache saps every particle of her strength and ambition? She can't walk, she can't stand, her housework is a burden, the long hours behind the counter in the office or

Stiff? Sore?
A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills
help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

Four persons taken in raids made in the city by the police department were fined \$25 and costs last night the total amount assessed by Police

Good Eyesight is an Asset
To hold "A Man's Job" these days requires every faculty in its most efficient state. Poor eyesight is a distinct handicap.
It is not just a matter of seeing plainly, but of seeing without unnecessary strain.
A thorough examination of the eyes, such as we make, costs but little but gives a lot of satisfaction.
